PROFESSIONAL SUMMARY

I am a SharePoint Online and .NET Developer with over 3 years of experience in designing and optimizing enterprise applications. My expertise lies in application modernization, UI/UX optimization, and cross-platform development. I have successfully migrated legacy applications to .NET MAUI, enhancing scalability and maintainability, while utilizing SPFx, React, and the Microsoft Graph API.

TECHNICAL SKILLS

• Microsoft Stack

SharePoint Online, SPFx, Microsoft 365, Power Automate, Power BI

• Frontend

React, TypeScript, JavaScript, HTML, CSS, Bootstrap

• Backend

C#, .NET Core, ASP.NET MVC, Web API, REST Services, .NET CSOM

• Cloud & Tools

Azure DevOps, Git, Postman, SQL Server, ServiceNow, Microsoft O365

• Desktop Development

.NET MAUI, WinForms Migration

ADDITIONAL LANGUAGE

- English (Fluent)
- Tamil (Fluent)

WORK EXPERIENCE

Software Engineer — ClaySys Technologies

April 2023 - Present

◆ .NET Developer (Desktop Version)

- Led migration of a legacy Password Manager application from Windows Forms (WinForms) to a modern .NET MAUI desktop application
- Performed application modernization and architecture refactoring, improving scalability and maintainability
- Redesigned UI following cross-platform UI/UX principles for enhanced usability and future extensibility

◆ SharePoint Online / SPFx Developer

- Designed, developed, and deployed 20+ custom SPFx web parts and extensions for SharePoint Online modern pages
- Integrated Microsoft Graph API and RESTful services to fetch and display dynamic enterprise data
- Built reusable, component-based UI modules using React and TypeScript
- Ensured responsive UI/UX design across mobile, tablet, and desktop platforms

EDUCATION

• Karpagam Institute of Technology

Bachelor of Engineering in Electronics and Communication Engineering

Aug 2019 - Jun 2023

• Sri Vidya Mandir, CBSE

Higher Secondary School

Jun 2018 - Mar 2019

ADDITIONAL STRENGTHS

- Strong debugging & problem solving
- Experience working in enterprise client environments
- Cross-team collaboration

DECLARATION

The information stated above is true to the best of my knowledge and belief
